

T'WELL TW810

- Sanitary design w/clamp welded to the probe 3/8" OD std.
- Fast response w/reduced tips
- Hygienic Tri-clamp sizes from 1" to 3"
- Instrument connection 1/2"NPT

T'WELL TW820

- Sanitary design w/clamp welded to the probe
- Fast response w/reduced tips
- Hygienic Tri-clamp sizes from 1" to 3"
- Instrument connection 1/2"NPT

T'WELL TW821

- Sanitary design w/clamp welded to the probe
- Fast response w/reduced tips
- Hygienic Tri-clamp sizes from 1" to 3"
- Instrument connection 1/2"NPT

T'WELL TW840

- Sanitary design w/stepped stem machined from barstock
- Heavy duty thermowell
- Hygienic Tri-clamp sizes from 1" to 4"
- Instrument connection 1/2"NPT

T'WELL TW841

- Sanitary design w/clamp welded to the probe
- For long immersion lengths
- Hygienic Tri-clamp sizes from 1" to 3"
- Instrument connection 1/2"NPT

T'WELL TW860

- Sanitary design w/tapered stem machined from barstock
- Heavy duty thermowell
- Hygienic Tri-clamp sizes from 1" to 4"
- Instrument connection 1/2"NPT

T'WELL TW880

- Sanitary design w/stepped stem machined from barstock
- Heavy duty weld-in thermowell
- Instrument connection hygienic Tri-clamp sizes from 1" to 4"
- Quick connect

T'WELL TW890

- Sanitary design w/tapered stem machined from barstock
- Heavy duty weld-in thermowell
- Various Weld-In diameters available
- Instrument connection 1/2"NPT
